Keep their info safe.

As a youth leader you can see personal and sometimes sensitive information about young people and their families. Here's what we ask of you. It supports the Privacy Act 1988 (Cth), the Australian Privacy Principles and our Child Safe policy.

Use it for ministry only	Only use young people's information to run youth activities and care for them. Never for personal, social or business reasons.
Keep it confidential	Don't share it with anyone outside the youth leader team, including friends, other church members and social media. Don't copy, screenshot or download it unless the Youth Pastor approves.
Keep it secure	Your login is yours alone. Lock your devices, and never store the information in personal apps, email or cloud storage.
Speak up for safety	If you're worried a young person is at risk, or they tell you something, tell the Youth Pastor or Child Safety Officer straight away. Never promise to keep a secret. Follow mandatory reporting laws.
If something goes wrong	Lost device, wrong recipient, suspected breach? Tell us within 24 hours. Honest mistakes reported quickly are fine.
When you finish	Your access ends and you'll delete anything you hold. Your confidentiality duty continues.
Agreement	I have read and agree to this policy, and I understand it continues after I stop being a youth leader. I confirm I hold a current Working With Children Check.
